To Sons of Royalty Family and Friends,

I bring you greetings on behalf of the Brothers of Xi Omicron Chapter of Omega Psi Phi Fraternity and welcome you to the 2015 Sons of Royalty Gala, A Royal Experience II: Setting Yourself Apart. The Sons of Royalty Mentoring Program strives to teach Christian values in the areas of teamwork, leadership, responsibility, and practical life situations. Through club-oriented activities, Sons of Royalty performs projects that will expose young men to planning, execution, reporting ideas, and simulating good leadership characteristics designed to raise their aspiration levels. The program this evening was designed to show the results of the activities that these young men have accomplished. We are extremely proud of all that they have done this year and wanted to share with you. These young men have worked together to achieve their goals. They have grown together and learned how to work as a team to accomplish the program goals.

We would like to thank you for your support and encouragement in helping them and us to achieve the program goals. Your support shows that you are committed to the success of these young me. It takes a village to raise a child and we are glad that you allowed us to be a part of the village.

Respectfully,

Gerald L. Vines

Dear Brothers and Guest:

The members of the Xi Omicron are excited to welcome you to our 2nd annual presentation gala. My third year as Advisory Council Chairman of Sons of Royalty has been busy and interesting- it was a long journey with lots of accomplishments. I would like to personally thank the members of the SOR Advisory Council- Brothers, Buford Thompson, Jr., Jason Boddie, Isaac McKenzie, Terence Martin, Kovolcik Latham, Jason Hayes, and Jarrett Blythe for all the support they have provided me over the years. It is the greatest gift any brother could have ever given me. I truly appreciate you.

Since the beginning of this school year, my team and I have worked with various professionals around the Huntsville area to conduct a serious of personal development workshops and enrichment activities. These activities were designed to mold our SORs into well-rounded, well-dressed, well-spoken, and well-prepared young men who are confident in their abilities. Tonight is the culmination of their experience! Let us celebrate their success.

As each of the seventeen SORs are formally presented, I hope you feel pride in them for all that they have accomplished and pride in the Brothers of Xi Omicron Chapter who are demonstrating tonight what can be done to confront and overcome the well-publicized problems of the African American male in the 21st century.

I encourage you to have a great time and let us know what we can do to make it better. Committee members are located throughout the area to respond as needed. Again, enjoy yourselves and thank you for your continued support.

Sincerely,

Frederick M. Windham

Developing Self-Character, Pursing Academic Excellence, and Service to the Community… on the Journey to Manhood.

PURPOSE OF THE SONS OF ROYALTY LEADERSHIP MENTORING PROGRAM

The purpose of the Sons of Royalty Leadership Mentoring Program is to teach young men social graces and necessary skills for success in life, and to become gentlemen. Xi Omicron host this annual event for high school men in grades 9-12 that reside in the Huntsville/Madison County area. The ultimate purpose is to create a holistic African American student.

Another purpose is to give enhance leadership skills and encourage academic excellence to create a pool of college students that have been directly affected by the Omega Psi Phi Fraternity, Inc. In support of the Fraternity's national "Fatherhood Initiative" the Xi Omicron Chapter provides an opportunity for the chapter to become move involved in the community and to give monies to deserving young men.

Membership intake is held once a year during the fall (August/September). The perquisites determine eligibility: attend a high school in the Huntsville/Madison County area grades (9-12), maintain a minimum grade point average of 2.5 or better, application, letters of recommendation and interview process.
